harmonize

What does Peace sound like?
Oh, so many things, of course!
But what if it you asked someone
To find a note. Then you harmonize.
Any way that works. You change your
Harmony or you don't. Invite another
To join you. More harmony, but now
It's more difficult to harmonize —
And more fun. Keep adding people,
Keep resolving into harmony.
Listen to you, you're Peacemaking!
That work of harmonizing translates.
Your hearts and mind come to harmony.
Careful! Harmonizing just might lead to Peace.
